Howard Park wines are renowned for their distinct regional characteristics. Explore our Distinguished Sites selection to experience the unique flavours of each wine. Compare the rich, maritime-climate Leston examples with the cooler-climate, fine Scotsdale counterparts, and savour the nuances of each.

Leston, represents the Margaret River Shiraz and Cabernet duo, which comes from the Wilyabrup vineyard. It was named after Jeff Burch's father, who pioneered the initial vine plantings on the estate.

Scotsdale is a historical reference to Howard Park's first home, a small winery and cellar door on Scotsdale Road outside Denmark in the Great Southern.
